RE: Request to Update the Table of Organization - Reclass

Dear Honorable Members:

The Mayor's Office respectfully requests approval to update the current Table of Organization by adding one (1) Data and Performance Analyst. This role is essential to support the continued development and expansion of CityStat - our departmental metrics and dashboard program.

The role would be responsible for developing dashboards, validating department data, generating insights and supporting departments in establishing appropriate metrics.

To reduce the impact, the department proposes the following changes:

- **DELETE:**  
Executive Secretary II - [Not Filled] - Budget Band 14G
- **ADD:**  
Programmer Analyst III - Budget Band 17G  
Working Title: Data and Performance Analyst

This reclassification will, over time, mature the CityStat program beyond reporting outputs towards measurable outcomes for our residents and thus deliver on our goals of accountability and transparency.

Respectfully,
